ANNOUNCEMENT: The Practical Nursing and Associate of Science in Nursing Programs at Ivy Tech Community College have adopted new general education requirements and a new admission/selection policy. These changes will take effect for all classes admitted to either program beginning January 2007.

The Bloomington region will be accepting both Practical Nursing and Associate of Science in Nursing students in August 2007. With the changes mentioned above, following are the Steps to Selection to the nursing programs:

1) College Admission with official copy of GED/HS/College Transcripts – Enrollment Management

2) Assessment testing or substitution (i.e., COMPASS) – Enrollment Management

3) New student orientation and registration – Enrollment Management

4) Mandatory Nursing Information Sessions – Nursing Department
   the following sessions will be held in C 131 from 5:00 - 7:00 PM.
   May 23
   June 21
   July 23
   August 28
   September 19
   October 23
   November 15
   December 10

E-Mail Tabitha Barrow at tbarrow@ivytech.edu to reserve a seat at one of the scheduled meetings. Seating is limited at each session. You will receive a reply regarding the session you are registered for.

5) Completion of required pre-requisite courses and the points awarded toward selection with the grade received in each course.
   - ANP 101 A = 30 Points
   - ANP 102 B = 20 Points
   - ENG 111 C = 10 Points
   - PSY 101

6) TEAS test completion – Testing Center: The following subsection minimums must be met. The test can be taken three times within two years with a 30-day time period between each test. The highest score on a passing test score will be selected and those points counted toward selection.
   - Reading – 80%
   - Math – 60%
   - Science – 60%
   - English – 70%
7) Nursing Program Application – Nursing Department: application will be available at the Mandatory Nursing Information Session. Only complete applications will be considered.
