Emergency Medical Technician - Paramedic  
Ivy Tech Community College - Bloomington

Read Carefully and Insure that You Understand Fully:

1) This course **requires** that you have or will complete and maintain the following at **your own expense** as scheduled:
   a. CPR – *American Heart Association* Health Care Provider or *American Red Cross Professional Rescuer (prior to program).*
   b. Indiana EMT-Basic or Advanced Certification *(prior to program).*
   c. Documentation of **two** PPD (Tuberculin testing) within the last 12 months.
   d. Documentation of **two** MMR (Mumps, Measles, Rubella) or + titers if < 1957.
   e. Documentation of Varicella (Chicken Pox), Tetanus, and Hepatitis B status.
   f. Completion of physical form by a licensed physician or nurse practitioner.
   g. Completion of **all** required Bloomington Hospital orientation paperwork, as found on web site: ([http://www.bhstudent.org](http://www.bhstudent.org))  
   h. Subscribing to On-line scheduling program FISDAP ($80) ([http://www.fisdap.net/](http://www.fisdap.net/))

*Note:* These are considered medical/ legal documents and must be on official stationary or prescription pads. They must contain the date administered and date read with the reading of the test (in ink). They must be signed and dated (in ink) by the physician or nurse practitioner, and be the originals. Any additions (other colors of ink or different hand writing) to the forms must be initialed and dated by the physician or nurse practitioner.

2) The course **requires** that you complete the following **by the deadline as scheduled**:
   a. All clinical rotations completed *(each semester).*
   b. All clinical documentation complete and turned in to the instructor *(each semester).*
   c. Completion and documentation of online Hazmat Operations and Terrorism Awareness training *AWR110 WMD Terrorism Awareness, AWR111 Basic concepts for WMD, & PER303 Concerns for 1st responders.* ([www.teexwmdcampus.com](http://www.teexwmdcampus.com)) **No Charge, By the end of 1st semester.**
   d. Completion and documentation of FEMA Incident Command Courses *IS 100 Intro to the Incident Command System, IS 200 Basic concepts of IC & IS 700 Introduction to NIMS* ([http://www.training.fema.gov/](http://www.training.fema.gov/)) **No charge, By the end of 1st semester**
   e. **All tuition and fees paid in full (each semester).**

*Note:* Clinical experience is a required portion of the course whether you intend to seek certification or not. Clinical is pass/fail and will result in failure of the course if not completed.

3) After successful completion of the course (if you are 18 years of age, maintained your basic certification, and without a felony conviction) you will be eligible to take the National Registry certification exam. The exam will be **your own expense** and **not** the responsibility of Ivy Tech Community College. The test consist of two parts:
   a. Written – **no charge for first test**– dates and sites by calling 1-(614) 888-4484 or on ([http://www.nremt.org/about/nremt_news.asp](http://www.nremt.org/about/nremt_news.asp))
   b. Practical - $100 - $300 *(depending on site)* dates and sites can also be found on National Registry web site

*Note:* You have one year from the completion of the course to complete your testing requirements. Testing and certification is **your responsibility.**

Additional Information:

1) You can only attend clinical sites that are under an affiliation contract (state requirement) with Ivy Tech Community College. At this time the main site is Bloomington Hospital.

2) The curriculum is specified by the Federal DOT and Indiana SEMA guidelines with a minimum student exposure. Due to this, it is imperative that the student attends **all** classes. **Missing more than 3 classes each semester (for any reason) will result in failure of the course.**
