**Note:** MATH 050, or MATH 015 or MATH 023 or higher is a pre-requisite to APHY 101
ASSOCIATE OF SCIENCE NURSING (RN)

A MATH 13X (3 credits) or higher accepted course must be taken and passed with a grade of C as a pre-requisite to being accepted into the ASN program (beginning fall 2011). If not taken before, the course can be taken the semester of application. No points for selection will be awarded for this course. If a student is taking the course during the semester of acceptance into the program, the acceptance will be conditional upon a grade of C or higher being posted at the end of the semester.

- MATH 118 is not an acceptable pre-requisite to a MATH 13X course. If you have taken MATH 118, you will have to either retake the COMPASS math and see if it places you into MATH 13X, or start at the math levels your original MATH COMPASS placed you into. Your new or original scores will place you into MATH 015, MATH 035, MATH 023, MATH 043 or a higher level and you will have to follow the path to a MATH 13X course (see below).

**OR**

| MATH 015 (Compass Score PALG 22-54) | MATH 035 (Compass Score ALGE 35-51) | MATH 13X (3 credits) |

**OR**

| MATH 023 (Compass Score PALG 55-100 and ALGE 15-23) OR (Compass Score ALGE 24-34) | MATH 043 (Compass Score ALGE 52-65) | MATH 13X (3 credits) |

Note: MATH 050, or MATH 015 or MATH 023 or higher is a pre-requisite to APHY 101
ADVISING NOTES TO REMEMBER:

   D. Complete APHY 101, 102, ENGL 111, and PSYC 101

OTHER NOTES:
1. Students do not have to take the TEAS before attending Nursing Information Session or vice-versa. There is no order to the steps above; all must be accomplished by the deadline stated.
2. ALL nursing students must take an IVY course – 1 credit required, 3 credit accepted – is a co-requisite, not a pre-requisite.
3. Students are required to attend a Nursing Information Session and complete an application at EACH region they wish to apply to. Nursing Information Sessions expire two years from date of attendance.
4. Consideration will not be given for points for students with previous degrees, health experience, or anything else. Points will be awarded only for the four pre-requisite General Education courses and the highest passing TEAS score. TEAS scores expire in two years from date of completion.
5. Students may retake a course, and the highest passing grade considered for points. Students transferring pre-requisite courses in must have them on the Ivy Tech transcript by the deadline for consideration for points (exception those applying for fall – deadline to have them on Ivy Tech transcript is May 16).
6. Students not accepted for a semester of application must obtain another application directly from Vicky.
7. Students transferring in higher levels of English or Psych with a higher grade will not be given points toward selection if the Ivy Tech appropriate course (ENGL 111 or PSYC 101) were transferred also. They will be awarded points based on the Ivy Tech comparable course. Students testing out of math at another college are still required to take the course for the ASN program. The Indiana State Board of Nursing requires completion of the math course, and will not allow a test out rather than taking the course.
